

VU DUC ANH

Intern Web Developer

Location: Thao Dien, District 2, Ho Chi Minh City

Phone: +84 37775528

Email: vuducanh22112004@gmail.com

SUMMARY

I'm a final-year Computer Science student with a strong passion for web development. Over the past few years, I've been building hands-on experience with technologies such as JavaScript/TypeScript, ReactJS, Node.js, and Express.js. I enjoy solving technical challenges, building responsive user interfaces, and creating efficient backend systems.

I am a proactive and adaptable individual who thrives in collaborative environments. My goal is to become a professional full-stack web developer and contribute to real-world projects that create value for users and businesses.

EDUCATION

HUTECH UNIVERSITY

Sep 2022- Present

SKILLS

Languages : JavaScript/TypeScript, HTML, CSS, Python
Frameworks : ReactJS, NodeJS, ExpressJS, NexJS,
Libraries : Ant Design, TailwindCSS, SCSS, Bootstrap, Shaden

EXPERIENCE & PROJECT

10/2025 - 12/2025

Name project : Luxe Wear AI – AI Fashion Sales Agent Platform (SaaS)
Team size : 3
Github : <https://github.com/vuducanh221104/client-luxe-wear-ai>
Website client : <https://luxwearai.vercel.app>
Role : Frontend
Frontend : Next.js 14, TypeScript, Tailwind CSS, Redux Toolkit, Ant Design, Shaden
Backend : NodeJs, ExpressJs, Mongoddb(Mongoose), Redis, Vector DB, RAG.
Description : Developed a SaaS solution providing specialized AI virtual assistants for the fashion retail industry. The platform allows businesses to create, train, and deploy AI Agents for 24/7 automated consulting and customer support, seamlessly integrating into existing e-commerce websites via SDK/Widget

12/2025 - 12/2025

Name project : Personal Portfolio Nov. 2025 – Dec 2025
Team size : 1
Github : <https://github.com/vuducanh221104/portfolio-blog-prj>
Website client : <https://portfolio-blog-prj.vercel.app/>
Role : Frontend

Frontend	: Next.js 16, TypeScript, Shaden, Taiwind, Redis, Vercel
Description	: Built a responsive and visually engaging personal portfolio website to highlight my web development skills and past projects. Prioritized clean UI design, smooth user interactions, and fast load times. The website is fully optimized for performance and accessibility across desktop and mobile platforms, helping establish my personal brand and online presence.
